**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose a local provider of fiber optic internet, because it wasn't offered by my then provider, cost less, and has been much more reliable. I continually experienced interruptions to my internet access with my previous provider (Comcast Business!). I live in San Francisco, and work partly at home and partly at my office. I am expected to be constantly available via internet. I also need to have high quality and dependable access for video conferencing. So far, only my new provider, Sonic, has offered the consistency I need.
